

Get Set 4 P.E.

Boule

What you need: one marker and a beanbag or pebble per player.

How to play:

- Players begin with one beanbag (or pebble) behind a start line.
- Place the marker a set distance from the start line.
- Players take it in turns to throw their beanbag to land as close to the marker as possible.
- The player whose beanbag lands closest to the marker is the winner of that round.
- First player to win 6 rounds is the winner.

Considerations / options:

- Stand players 2m apart.
- Players collect their beanbag one at a time.
