

Get Set 4 P.E.

Letter box

What you need: a cone or chalk or line on the playground per pupil, plus 8 additional markers.

How to play:

- Split the class into two teams.
- Create two 3m x 3m squares (the letter box) out of the markers (one per team).
- Pupils begin 2m apart, 5m away from their letter box.
- The leader calls a word. Teammates confirm the spelling with each other.
- One pupil from each team runs to their letter box and spells out the first letter by running the lines of the letter in their letter box, then sprints back to their team for the next pupil to go to spell out the next letter.
- The first team to spell out the word wins one point.
- The first team to 6 points wins.

Considerations:

- Ensure children are spaced 2m apart.
- It's a team game so encourage the teams to support each other and show good sportsmanship whether they win or lose.
